

## ISO 9001;2008 COMPLIANCE

Puritas Metal Products holds Certification to ISO9001;2008 until 5/19/17.

Moving forward Puritas being a small business will not be electing to certify to the new Standard of ISO9001;2015 – as none of our customers are requiring it. Puritas will be MAINTAINING the current compliance to the ISO9001;2008 standard just without the official certification.

Puritas strives on a 100% with, Quality, On Time Deliveries, Customer Satisfaction and 'zero' returns for compliance issues. Our Customers are always welcome to schedule an audit with Puritas for your documentation.

The Management Team of  
Puritas Metal Products, Inc.
